ESTABLISHED 1838.

Fine Carriages and Road Wagons.

We have received the following letter from GENERAL MCCLELLAN, in regard to the

VERTICAL STEEL PLATES

Used in the Axle beds of all our Trotting and Road Wagons.

NEW YORK, JUNE 1st, 1871.

GENTLEMEN:—I have carefully examined your Patent Vertical Steel Plate Axle: I find that the addition of the Vertical Plate renders the Axle about *two and a half* (2 1-2) *times* as stiff as it would be without it.

Very Resp'y,

GEO. B. McCLELLAN.

GREENWICH POTTERY,

(ESTABLISHED 1833,)

415 to 429 West 18th Street, New York.

WILLIAM SHUTE & CO.,

MANUFACTURERS OF

Drain and Sewer Pipe, Smoke, Hot-Air, and Ventilating Flues, Fire Brick, Chimney Tops, Greenhouse Tile, Fire Cement, &c., &c., &c.

A large and extensive stock of DRAIN PIPE of the very best quality, together with all necessary Branches, Bends, Stench-Traps, etc., constantly on hand.

This pipe is peculiarly adapted, and is extensively used, for the Street Sewers of Cities and Towns, Drains from Houses, etc., as also for the conveyance of Water to Mills, Factories, R. R. Depots, and Aqueduct purposes generally.

It is perfectly indestructible, lasting for ages, and is superior to, as well as much cheaper than, any other Pipe.

After an experience of thirty years, together with our improved machinery and facilities for manufacturing, the subscribers feel warranted in stating that they are enabled to offer a superior article and on as reasonable terms as elsewhere.

Architects, Engineers, Plumbers, Builders, Contractors, House-owners and others interested, are invited to call and examine for themselves.

We also continue to manufacture **SMOKE** and **HOT-AIR FLUES**, peculiarly adapted to Public and Private Buildings, where a perfect Fire-Proof Flue or Conductor of Hot Air is a desideratum. It is infinitely superior to tin, and is afforded at about the same cost.

☞ Samples can be seen at the Pottery.—Circulars forwarded on application.

S. M. PETTENGILL & CO.'S

Newspaper Advertising Agency,

37 PARK ROW, New York.

THIS agency, by much the largest establishment of the kind in the world, has, for more than a quarter of a century, enjoyed the confidence of the press of the country, and expended millions of dollars, to the satisfaction and advantage of its patrons, among whom are many of the great and successful advertisers of the world.

We claim for it the following advantages:

1st.—A thorough knowledge gained by long experience of the most effective and profitable mediums and methods of newspaper advertising.

2d.—Peculiar relations with the leading, most influential, and widely circulated newspapers, whereby an individual advertiser may obtain advantages to which he would not otherwise be entitled.

3d.—A complete system of examination and record, whereby an advertiser may be fully assured he receives precisely what he contracted he should receive, with complete vouchers in files of newspapers always open to his inspection.

When to these is added the statement, that this agency has no interest in forcing upon the attention of advertisers selected and partial lists of inferior papers, got up to look cheap and entrap inexperienced advertisers, but that it truly and specially represents the press of the country, we have mentioned all the features necessary to a complete organization for doing advertising in the newspapers cheaply, thoroughly, and effectively.

All persons seeking the best and most productive ways of advertising are requested to advise with us before making contracts, as we can certainly be of advantage to them. Information given and estimates of the cost of any advertising made for responsible parties without charge.

Files of all newspapers open to the inspection of advertisers and publishers, who are always welcome at our spacious offices, 37 Park Row, New York; 701 Chestnut St., Philadelphia; 10 State St. Boston.

S. M. PETTENGILL & CO.

Business men wishing to advertise in any part of the country can leave their orders with

S. M. PETTENGILL & CO.

37 Park Row, N. Y., and have it done in the best manner and at the cheapest rates in any or all the Newspapers in the United States and British Provinces.
